

A fleet of 26 new generation double-deckers, ready to provide a unique and excellent service. The DD45 NG double-decker was constructed for your special demands on tour. You will travel more luxurious, more comfortable and safer, but also ecologically friendly and efficient energy-saving.

The noise suppression technology significantly reduces the impact of environment by isolating the background noise sources such as traffic, engine noise, nearby conversations, music and provides a quiet and relaxing trip. With the new lighting system you can create an atmospheric ambience and your individual lighting scenarios during the trip.

- up to 16 bunks
- exclusive lounges
- 4 separate air condition zones
- completely equipped entertainment systems
- DMX lighting System
- Noise Suppression Technology
- Internet Access
- Personal Customization

8 sleeper condo-bunks (example)**Customized Coaches**

We are committed to high-quality service when it comes to transporting artists and crews on tours all around Europe. In order to adapt better to the special needs of our star clientele, the vehicles can be ordered in accordance to the individual customer's requirements. On top of the usual Coach Service standard, the customer receives a vehicle, which corresponds to his or her personal needs and offers a maximum comfort.
