

## DD45NG Double Decker - Next Generation

Technical data and dimensions

Illustrations and photos may differ from the original.

### DD45NG Double Decker - Next Generation 50 m<sup>2</sup> floor space - up to 16 beds

The SETRA 531DT Double Decker is the basis for our revised design line of DD45 Double Decker vehicles. More energy efficient and luxurious with more personal storage space and a new sense of space. As usual, a spacious kitchen with lounge and vis-à-vis is located in the lower deck. Individual variations can be realized with up to 16 beds, lounges and suites.

- 50 m<sup>2</sup> floor space
- 2 levels
- 4 modular areas
- 4 climate zones
- 2-bunk beds
- DVB-TTV during the journey
